Color Services

Blondie uses the most advanced coloring products available today: Our perfect solution to your desire for gorgeous hair.

Permanent Hair Coloring

This is a single shade application: best for dramatic lightening, long lasting deep shades and covering grey. Best results are achieved with a maintenance schedule of every 4-6 weeks.

Demi and Semi Permanent Color

Can deepen or brighten your hair color without commitment while giving body, fullness and incredible shine. This is the gentlest way to introduce new shades, bring depth into previously lightened hair, and shade away the beginnings of grey. Perfect for the color-shy and men. Great for the first time color client. Used for grey blending, darkening, or to just brighten drab hair and add shine. Demi permanent color washes out, tone on tone, in 6-8 weeks. Semi permanent color washes out in 6-8 shampoos.

Virgin Single Process

This is one color; full head application, best for dramatic lightening, long lasting deep shades, and covering grey. Best results are achieved with a maintenance schedule of every 4-6 weeks.

Retouch Single Process

Touch-up regrowth up to 1 1/2" off the scalp.

Refresh or Soap Cap

Used in combination with a retouch to darken or brighten faded colored hair by one level.

Color Gloss

Combine with your retouch, semi permanent hair color is used to rebalance over processed ends or rejuvenate tired hair color. Create healthy body, texture and beautiful brilliance with our exclusive ammonia-free glossing service. This can be used alone with minimal commitment to restore and moisturize, or as a Wet Gloss, combined with any service for a multi-faceted, luminous shine.

Wet Gloss

Make your highlighted hair that perfect shade. Great for toning and caramelizing.

Double Process

One color achieved through lightening and then toning. A Bombshell Blonde!

Corrective Color

Sometimes mistakes can be made at home or by someone else. Place your trust in our extremely talented and certified Master Colorists to help you
